合計					100%		
評価基準及び評価手段・方法の補足説明							
<p>Students are expected to take active roles in their learning and will be assessed by the following means:</p> <p>(1) Discussion (10%): assessed based on the quality and quantity of contributions.</p> <p>(2) Presentation (30%): assessed based on clarity and knowledge of the material.</p> <p>(3) Final examination (60%): assessed based on your knowledge of Japanese economic history and development.</p> <p>Feedback on discussion and presentation will be given in each class.</p>							
授業の概要							
<p>All classes will be conducted in English. The course contains two main areas: (1) economic history of Japan, (2) key concepts that are useful in understanding the Japanese economy. Each topic will be separated into four parts: (1) lecture, (2) group discussion, (3) presentation, (4) summary. Each student will discuss and present on these topics in English.</p> <p>この授業の標準的な1コマあたりの授業外学修時間は、180分とする。</p>							
教科書・参考書							
<p>教科書 : The Japanese Economy (Third Edition), David Flath, Oxford University, 2014</p> <p>参考書 : None</p> <p>指定図書 : The Japanese Economy (Third Edition), David Flath, Oxford University, 2014</p>							
授業外における学修及び学生に期待すること							
<p>Students with an interest in Japanese economy are encouraged to take part in this course. All students must prepare for every class, including reading the textbook and studying economic theory.</p> <p>Communicative skill is preferred over English ability. Discussion and presentation are key points in this course and participation is required.</p>
