評価基準及び評価手段・方法の補足説明							
Students are expected to take active roles in their learning and will be assessed by the following means: (1) Assignment (30%): assessed based on knowledge of the course material. (2) Presentation (30%): assessed based on clarity and knowledge of the course material. (3) Examination (40%): assessed based on knowledge of economic concepts and Japanese economic history. Feedback will be given in each class and on learning management system such as Manaba and/or Qlearn.							
授業の概要							
All classes will be conducted 100% in English. Learning management system such as Manaba and/or Qlearn will be used to facilitate your study. The course contains two main areas: (1) economic history of Japan, (2) key concepts that are useful in understanding the Japanese economy. Each topic will be separated into three parts: (1) lecture, (2) presentation and discussion, (3) summary. この授業の標準的な1コマあたりの授業外学修時間は、180分とする。							
教科書・参考書							
教科書: None 参考書: None 指定図書: The Japanese Economy (Third Edition), David Flath, Oxford University, 2014							
授業外における学修及び学生に期待すること							
Students with an interest in Japanese economy are encouraged to take part in this course. All students must prepare for and actively participate in class, including reading the handouts and studying economic theory. Discussion and presentation are crucial in this course and active participation is required.
